

Kenny,

We want to thank you for having such a heart for kids. I can't tell you how much this meant to me to have such an opportunity come for Kevin. We moved here about a year ago from Calif. We were pretty involved in our last church, my daughters especially. But Kevin hadn't gotten the opportunity to serve much because of his age. We have gone on mission trips etc as a family but I just felt the timing for this surge trip was amazing. Finding a new home church has not been an easy task. There are many to choose from. It seems like ever since we decided to try Cross Timbers, God has had Kevin in mind. He immediately liked it. Has wanted to do everything you guys offer and he has had such a great time. It has been like God had Kevin on a straight path and I feel the surge thing was just what he needed to seal what I believe is in Kevin's future. It blessed me to see Kevin go on a mission trip WITHOUT US, so that he could experience it for himself!

Thank again for all you do and did!

Many Blessings,

Cathy
